Revision Date: NA

SUBJECT WDC POLICY ON POLICIES

PURPOSE

This policy sets forth the Workforce Development Council (WDC) practice of deferring to State Provisions unless issues within the WDA require greater specificity.

BACKGROUND:

The Workforce Development Council relies on WDC staff to determine which issues require specific workforce development area policies. The Employment Security Department Employment and Training staff oftentimes establishes required policies which are appropriate for local use without establishing new policies.

POLICY:

Policy issues shall be reviewed in the context of existing State Policies to determine the extent to which such provisions meet the WDC's needs. WDC policies shall only be developed when State Policies are determined to be insufficient in addressing local policy requirements.

PROCEDURE:

WDC staff shall submit to the Administrative Committee recommendations for specific WDC policies when necessary and appropriate.
