WDC Policy #: 271
Effective Date: 7/01/16

SUBJECT WIOA Youth Required Elements

PURPOSE

This policy provides guidance on Eastern Washington Partnership's expectation for contractors to fulfill the 14 Required Elements, as detailed in WIOA.

POLICY

WIOA Youth Program providers will readily provide access and support for all youth to receive each of the 14 required elements, as they are individually needed.

Where providers do not have the organizational capacity to offer elements through direct service, it is expected that they have established meaningful partnerships with providers who can meet participant needs as they arise.

Where referrals are helpful connection points for youth and service providers alike, the expectation is that partnerships and program alignments exist in a way that allow for youth to receive information and specific contacts quickly, with specific instructions. This allows for minimal navigation needed on the youth's part, getting them the resources that they need quickly, efficiently and in an individualized fashion.
